

Here's How CAVC Works For YOU...

CAVC is an organization of operators and suppliers involved in the convenience services industry in the state of California. CAVC has a plan to adhere to the following Mission Statement:

CAVC supports and protects the interests of the vending, micro market, and convenience services industry in California through:

- The promotion of common interests
- Legislative oversight
- Member education
- Networking

CAVC Has A Plan To Work For You

- Sacramento Legislative Lobbyist

With the high volume of legislative activity in Sacramento, a dedicated lobbyist provides a valuable resource unavailable to most convenience services businesses. The CAVC lobbyist guides us in legislative grass roots in person and virtual visits in Sacramento and local districts, watches pending bills coming from Sacramento to reinforces positions beneficial to our industry, and can help pass and/or prevent legislation.

- Active CAVC Membership

There is strength in numbers. Help us retain and increase CAVC membership by getting involved. Upon joining, you will be mentored by a CAVC board member to familiarize you with our goals.

- ❖ CAVC has joined forces since 2009 with the Arizona Vending Council for a combined annual meeting, resulting in higher attendance each year. Larger groups lead to better quality of available speakers, and more efficient use of funds.
- ❖ CAVC/AAMC Annual Meetings provide legislative updates, educational forums, a business meeting, and a chance to network with other members and suppliers.
- ❖ Along with regular board meetings, CAVC has formed committees to focus on strategic topics such as Membership & Public Relations, Government Affairs, Education, and more. CAVC has a place for you to participate and be heard! The CAVC Scholarship Committee yearly awards scholarship funding through a raffle process to members and their family.
